

“Speed, Quality, Economy...”

General Product Information

CUSTOM-MATCHED, MULTI-PIGMENT COLORANTS

- Dry powder (bulk and units)
- Conventional concentrate
- *ColorGems* concentrates
- Pre-colored compounds

ADDITIVE DRY BLENDS & CONCENTRATES

- Antioxidants
- UV stabilizers
- Heat stabilizers
- Lubricants
- Anti-static agents
- Chemical blowing agents
- Others

MULTI-FUNCTIONAL DRY BLENDS & CONCENTRATES

- Color and additive packaged into a single product

DESIGN and MANUFACTURE COLOR & ADDITIVES FOR THE FOLLOWING:

POLYMERS

- Acrylonitrile-butadiene-styrene (ABS)
- Acetal
- Acrylic
- Ethylene-vinyl acetate (EVA)
- Polyvinyl chloride (PVC)
- Polyethylene terephthalate (PET)
- Polyethylene terephthalate glycol (PETG)
- Polyphenylene oxide (PPO)
- Thermoplastic elastomer (TPE)
- Thermoplastic olefins (TPO)
- Thermoplastic polyurethane (TPU)
- Polyethylene (PE)
- Polypropylene (PP)
- Polystyrene (PS)
- Polyurethane (PU)
- Polycarbonate (PC)
- Thermoplastic rubber (TPR)
- Polyester

PROCESSES

- Injection molding (including structural foam)
- Blow molding
- Extrusion (sheet, profile, foamed)
- Roto-cast molding
- Compression molding
- Thermosets

THERMOPLASTIC WOOD FIBER COMPOSITES

- Colorants
- Stabilizers
- Process aids
- Foaming agents
