

"Speed, Quality, Economy..."

Facility Information *AVON, OHIO*

ADDRESS: Accel Corporation Telephone: 440-934-7711
38620 Chester Road
Avon, OH 44011 Fax: 440-934-7717

WEBSITE: www.accelcolor.com

FACILITY: Opened in October 2000. Began manufacturing in January 2001: 31,000 ft² building; expanded in January 2007 to 56,000 ft², which houses raw material storage, production areas, laboratory, and offices. Conveniently located in a western suburb of Cleveland, Ohio. Thirty minutes from Cleveland Hopkins International Airport.

EQUIPMENT: Seven extrusion lines (single and twin-screw), three pellet mills, five mixers and blenders (including high-intensity mixers). Full product development and quality control laboratory with equipment including roll-mill, rotomolding ovens, other specialty testing equipment, three injection molding machines, and a state-of-the-art color-matching computer.

DIRECTIONS: From Cleveland – Take I-90 west to the Rte. 611 exit. Turn right off exit ramp. At first intersection (Chester Road) take a right. Plant is a half-mile down on the left side of the road. The facility is several hundred yards from Chester behind the Inland Refractories building.
